

Time(line) of My Life

Create a multi-tier timeline to compare events from your own life to events that happened around the world at the same time.

You may create your timeline on paper using a ruler or digitally.. If you choose to create your timeline on the computer, create it on the "Time(line) of My Life" Google assignment in Schoology. If you choose to do your timeline on paper, just type, "I did mine on paper" on the Google assignment when you submit and turn it in. **Everyone must submit the "Time(line) of My Life" Google assignment in Schoology.** Whichever method you choose, your timeline should be visually appealing as well as edited and accurate. It should reflect your *best work*

This project is to be turned in by the end of class on Wednesday, Sept.25

Your timeline project must include:

- A title - Pick something catchy and fun that relates to the timeline!!
- Labels for each topic - top (Your life) and bottom (World Events)
- A span of time - Use 2010 as your earliest date and 2025 as your most recent date
- Equal intervals (amount of years between the lines on your timeline) - make sure these are evenly spaced along your line and labeled
1 interval = _____ year(s)
- 6 events from your own life - if you need help, ask your parents!

2.

3.

4.

5.

6.

- 6 events that happened in the world during your lifetime - search events that happened during your lifetime
- 1.
 - 2.
 - 3.
 - 4.
 - 5.
 - 6.
- For each of the 12 events, include:
 - Date (month and year)
 - Name or brief explanation of the event
 - 1 Picture/symbol to represent the event

If you are having trouble finding world events, feel free to use any of the events listed below.

| | |
|---|--|
